## LOCAL NEWS.

**B. M. DORSEY** lost a valuable cow last week. Disease—hollow horn.

The members of Monongalia Lodge No. 10 I. O. O. F. have decided to have a picnic in a grove near Cassville on the fourth Thursday in August.

A young man named Rockwell living on the river about a mile below Collin's Ferry was bitten by a copper snake last Saturday. We are informed that he is in a fair way to recover.

The Teachers of Cass District have a regularly organized institute that meets every two weeks. We learn the next meeting will be held at Cassville, August 9th.

A SUNDAY SCHOOL CONVENTION will be held, under the auspices of the M. E. Church, at Bethel, beginning on the 21st, and continuing until the 23d of August. We understand that the public generally is invited to attend.

The young folks have erected a platform near Lazell's School House, in Cass District, where they occasionally gather and trip the light fantastic. While some of the old folks may not approve of it, we say let the young folks have their fun. There is not generally much danger in enjoyment.

THERE is much complaint here about the condition of the Pittsburgh mail when it arrives. There is unmistakable evidence that the packages have been opened and papers abstracted. We learn that an investigation is to be made and the parties who steal their reading matter will be compelled to desist.

WE have in press the Premium List of the new Fair Company, which will be ready to distribute against the 10th of August. The premiums this year are very liberal and should attract the attention of our farmers and others who have articles to exhibit. The Fair will be held on the 14th, 15th and 16th of October.

The lightning, during the storm last Saturday afternoon, struck the telegraph wires somewhere near town and was conducted to the office, where it gave the operator, George Kiger, a shock. It also struck one of the piers of the suspension bridge, but no damage was done. During the storm the thunder was unusually hard.

At a meeting of the Stock Graziers, of Harrison county, held at Clarksburg, July 19th, on motion of Judge Harrison it was resolved that all cattle shippers and graziers, in Harrison county, after the 30th of July drive their cattle for shipment to Uniontown, Pa. This action was made necessary by the refusal of the Baltimore & Ohio railroad to return to the old rates on cattle. It is probable that a great many cattle will pass through here this summer and fall.

**FAST WORK.**—On Thursday of last week, at 10 o'clock, the New Dominion Job Office received an order for one thousand pamphlets of 64 pages. On Tuesday of this week the job was completed, and it was done in a style that would have done credit to any of our largest city establishments. We call this good work, and don't think there is any country office in this neck o' woods that can beat it. The work was done on a quarto Gordon press, and only one hand worked on the job. Now, you other little one-horse printers, tell us some of your marvelous stories about your fast work.

A REPORT was current here last week that Sim Bright intended to start a hack line between Weston and Buckhannon, but such is not the case. Sim informed us that he thought of establishing a livery stable at Weston, but has been unable so far to make satisfactory arrangements, more on account of the high rents at Weston than anything else. Many of our people would be sorry to lose him, if he should conclude to emigrate. His business relations with our people are satisfactory, and they have confidence in his integrity, consequently are unwilling to risk an exchange.

Bring your job work to this office, if you want a neat job cheap.

THE voters of Cass District will hold a Convention at Osageville, on Saturday, August 2d, to nominate candidates for School Commissioners for that district. We have no doubt that good selections will be made by the voters there. We might suggest that when the Commissioners are elected, to make their work effective, when they have any disagreeable duties to perform, let the people stand by them and endorse their action. We do not think they will select any but good men who will discharge their duties conscientiously, hence we say endorse their acts and defend them when occasion offers. The work of no officer can be made effective without such support.

**RUNAWAY.**—Last Monday Omer Evans went to Charlie Morgan's mill in his buggy, taking Master Dick Stine along. While Omer was in the mill the horse from some cause started at break-neck speed toward town, throwing Dick out and bruising him very much, and throwing the buggy over the river bank, breaking it badly. The horse soon overtook Mr. Jas. S. Watson's team, which also ran away throwing his family from the wagon one at a time, but fortunately not hurting any of them seriously. Mr. Watson soon caught Omer's horse, and his own were caught near the old poor house. We did not learn the exact extent of the damage done the vehicles, but consider it fortunate that no one was hurt. A horse is a vain thing for safety.

THE Commissioners appointed to receive bids for the new jail and jailor's residence have received a great many bids from various parts of the country. Parties sent bids from St. Louis, Pittsburgh, Fort Wayne and many other places, besides the numerous ones from our home mechanics, and from gentlemen in the surrounding counties in this State. We regret to say that those from a distance were uniformly lower than those from home mechanics, and it is highly probable that the entire work will be done by parties from a distance. While the Commissioners can do nothing else than award the various parts of the work to the lowest responsible bidder, we regret that our own men could not be the lowest bidders, at least so far as consistent with safety.

**AN HONOR TO MONOGALIA.**—Prof. A. L. Wade, our very popular County Superintendent of Free School, left on Saturday for Philadelphia, where he has been invited to attend by the National Educational Association, to deliver an address on "A Graduating System for Country Schools." This is the first instance in the history of the National Educational Association that a county Superintendent has been invited to address that body, or to take part in any way in its proceedings. Mr. Wade's system has attracted the attention of educators in all parts of the Union, and we think we are safe in saying that this County has received more favorable notice from abroad on account of the graduating system in vogue in its free schools than on account of being the seat of the University. Never was his system applied to primary schools before Mr. Wade applied it to the schools of Monongalia, and never have free schools been more real benefit than ours have since that time.

**TO DELINQUENTS.**—We have a number of delinquents on our books that are as impervious to a respectful request for what they owe, as a rhinoceros is to a pop-gun wad. To these we say again that we very much need the many small amounts due us and it will be much easier and save trouble and hard feelings to pay them at once. The subscription to a newspaper is so small that there are none who cannot pay if they desire to do so. We have many prompt and excellent patrons to whom we return thanks for past kindness. It is not these to whom we refer, but to veteran and chronic delinquents who do not regard our polite requests for money and who treat our bills sent with insolent silence. There is a remedy that we will be compelled to try soon, we have considered the matter carefully and have fully made up our minds to do it. So to save yourselves, pay at least a part of your indebtedness.

**BLANKS.**—We have just printed a large lot of nice blanks of all kinds. We have Summons, Executions, Affidavits, Subpoenas, Attendance Bills, Forfeiting Bonds, &c., for sale cheap. Orders by mail filled as soon as received without extra charge.

The New Dominion and Wheeling Weekly Register, for only \$2.40. Now is the time to subscribe.

12 POUNDS of sugar for \$1 at Bassett & Weaver's, 299 Walnut street.

**RELIGIOUS NOTES.**—I will preach my farewell sermon to the people of Baker Hill and vicinity, at Baker Hill School House, on Sunday, the 3d of August, at 3 p. m. I hope to see many of my friends at that time. Let there be a general attendance.  
J. C. JORDAN.

There is some prospect of securing the services of Rev. P. B. Reynolds, of St. Albans, as pastor of the Baptist Church in this place, to succeed the present incumbent, Rev. J. C. Jordan, whose resignation takes effect after the first Sunday in September. Rev. Reynolds is President of Shelton College, a fine scholar, a good preacher, and a noble Christian gentleman. We sincerely hope that arrangements will be perfected for his coming to our town. He will be a valuable addition to our ministry.

The Monthly "Missionary Concert" of the Baptist Church, in this place, takes place next Sunday evening. The programme will consist of devotional exercises, short addresses on missionary work, collecting contributions for mite box. Exercises will be interspersed with music from the Choir. All are cordially invited to attend.

After a touching and excellent sermon on that passage of scripture from Exodus referring to the removal of Joseph's bones from Egypt to Palestine, Rev. Snodgrass took up a collection for the worn out preachers of this Conference, receiving \$55, while the amount assessed is \$45. Another example for the liberality of this place. We do not think there is a town in the whole country where people give more liberally according to their ability than they do in Morgantown.

A Quarterly Meeting was held at Woodland last Saturday and Sabbath by Rev. Bolton. The only trouble experienced was in raising the collection, which was abandoned after numerous unsuccessful efforts.

Rev. Cralle's sermon on last Sabbath evening is highly spoken of by those who were present. Mr. Cralle is an excellent man, and a popular minister, and is doing a good work here.

## CHEAT NECK.

July 26th, 1879.  
Miss Lucinda Stafford, daughter of F. D. Stafford, of this place, and a very accomplished young lady, died July 25th, 1879, at six o'clock a. m., of consumption. She has been a consistent member of the M. P. Church for several years, and was loved by all who knew her.

Our good old friend, Michael Farrell, sold his iron grey horse to a couple of gentlemen from Fairchance, Pa.

Dr. G. B. Morris and wife of Morgantown are over here visiting at Dr. Triplett's.

Judge Fleming and wife were visiting at Mr. Wm. Donaldson's recently.

Several rafts went down Cheat last rise.

Joseph Bowers, Esq., killed nineteen snakes one day last week. Joe is a regular old "snake-killer."

There are at present three threshing machines in this vicinity, the third one having been just brought here by Mr. Eli Walls and his nephew, Harry Walls, of Preston county.

The blackberries are ripe, and we learn they are selling at as low as 3 cents per gallon.

There is every indication of a good chestnut crop this year.

There was a Singing School held at John Bowers last Sabbath evening.

We learn that there will be a Quarterly Meeting held at old Zion Church, August 10th, to be conducted by Rev. Lowther, of Morgantown.

We have had several hard rains during the last few days.

We understand that Dr. T. R. Vandervort and John Cole, Jr., are about to form a co-partnership and locate near Laurel Iron Works, for the purpose of practicing medicine. We wish them success.

Lucian Blaney and wife, of Scottsdale, Pa., are visiting Mr. B.'s father, Isaac Blaney, of this place.

Mrs. Miranda, wife of Jacob Rishel, is visiting her daughter, Mrs. Louisa Fisher, at Scottsdale, Pa.

**PERSONAL MENTION.**—Prof. A. W. Lorentz left last Friday to visit friends in Lewis and adjoining counties.

Miss Sade Coil is spending a few days with relatives at Fairmont.

We noticed Dr. A. W. Brown, of Clay District, in town last week. He is a Republican, but is a very pleasant and popular gentleman.

Thos. R. Evans and family arrived here last week and will remain for the present at the Wallace House. People here are glad to have Tom, and his family back, but regret the misfortune they met with in the late Uniontown fire.

Mr. L. V. Keck, of Morgantown, was visiting friends in our town last week. Lony is a good, and lively fellow. We have been informed since his departure that great fortune has dawned upon him. An uncle dying a few weeks since bequeathed to him the glorious sum of \$40,000. How lucky the Morgantown boys are. We thought the gift to Mr. Fitch was remarkable, but Mr. Keck was still more fortunate. Girls are admonished to investigate, however. "All is not gold that glistens."—*Waynesburg Republican.*

Mr. George Baker, of Morgantown, is spending a couple of weeks here visiting relatives and friends. He is highly pleased with Uniontown, and enjoying himself so well withal that he extended his stay a week longer than he at first intended.—*Uniontown Standard.*

Our old friend Isaac A. Powell of Pleasants county, has been visiting friends in Monongalia for several days and last Saturday came in and paid his subscription for one year in advance, as he does every year. We are glad to know that Mr. Powell is prospering in his present home, in farming and the timber business. We hope he will make a fortune and return to Monongalia. He is an excellent man and we regretted that he ever left this County.

Miss Juliet McLure returned to her home in Wheeling on Monday, after a visit of several weeks at Mr. E. C. Lazier's.

Miss Ada Drabell, of Pittsburgh, is visiting Miss Clara Hough. Miss Drabell is a native of Morgantown and has many friends here.

Walter Hennen, of this Office, and wife returned on Monday from a visit to his parents at Palatine.

W. A. Mestrezat, John Irwin Nicholas Madera, P. J. Wright, Geo. Steele and John Madera, of Morgantown, were in Fairmont Sunday.—*Fairmont Index.*

Dr. Robert Brown of Morgantown, passed through our city Tuesday.—*Id.*

Mrs. Staley Derring (daughter of Judge Haymond), of Morgantown, is visiting her relatives in this place.—*Id.*

Dr. T. H. Price returned from Philadelphia last week where he had been for a month. He is as portly and affable as ever.

Miss Sarah Lazier is in Baltimore visiting friends, where she will remain yet for some time.

Mr. Samuel Everly is, we learn, rapidly recovering from the effects of the injury he received from being thrown from his horse lately.

We learn that Mr. Ebert Hawthorne, son of Geo. Hawthorne, and nephew of Mrs. Gilbert, once a resident of this place, is lying dangerously ill at St. Louis. That gentleman has numerous friends and acquaintances here who will regret to hear of his affliction.

We notice that our young friend and former schoolfellow Harry J. Snively has hung out his shingle as an Attorney in Grafton. Mr. Snively received his education here, afterward studying law with Hon. B. F. Martin and since graduating from the Law Department of the University of Virginia. He was always an industrious student and we predict for him a successful career as a lawyer. Good luck to you, Harry!

Rev. Price, formerly Junior Preacher on the Monongalia Circuit has recently been visiting friends on the west side of the river.

We regret to announce that W. S. Tingle has been seriously ill for about two weeks and at present does not seem to be improving much. We hope that he may soon be restored to health.

Rev. Snodgrass and President J. R. Thompson started on Tuesday morning to attend District Conference at Palatine. The latter will go to Grafton where he will remain until next week.

Mr. B. L. Keenan, candidate for county Superintendent of free schools made us a call last week.

Miss Isa Wallace presides at the organ at the Presbyterian Church and Miss Susie Moore takes the place of Miss Hattie Hagans at the M. E. Church during the latter's absence.

Mrs. John Morris, accompanied by her son and daughter, George and Lida, are visiting at Uniontown, Pa.

Dr. Schooley and lady, who have been visiting at J. P. Shafers, returned to their home last Saturday.

Mr. James Hayes is slowly passing away with that dread disease, consumption.

Grove Cooper has returned from Kingwood where he has been working with his brother, Lee.

Mr. James Davis, Sr., is dangerously ill. He is a very aged gentleman and his demise would not be a surprise to his friends.

Major Scott, wife and daughter of Beaver Falls, Pa., are visiting at Mr. John Smiths. Mrs. Scott is Mrs. Smith's sister.

Bruce Madera and Henry Madera, of Brownsville, Pa., are in town.

Miss Ollie Bassett returned from a visit to Mannington, on Tuesday last.

We are informed that Miss Mattie Brock has accepted a position in Beaver College and Musical Institute. Miss Mattie is a fine scholar and a most accomplished lady. Her departure will be regretted by her many friends here.

Mrs. Dr. Lazier and Miss Lizzie Moreland, accompanied Mrs. Lizzie Connors last Wednesday, from where Mr. and Mrs. Hunter will start soon for China to enter upon their labor of love as Missionaries.

Mr. John H. Bowlby, of Maidsville, father of E. J. Bowlby, called in to see us yesterday. Mr. B. is one of our oldest and best citizens.

That staunch old Democrat, Larney P. Carr, of Fairmont, who is at present traveling for Logan, List & Co., Wheeling, dropped in to see us yesterday. Larney is a genial, big-hearted, and clever gentleman, and we are always glad to see him. So call again.

## Sunday School Convention.

There will be a Sunday School Convention next Wednesday and Thursday, August 6th and 7th. We call the attention of the many friends of Revs. G. G. Westfall, J. F. Cowan, D. H. Davis to their assured attendance. We hope to see Revs. P. T. Laishley and B. F. Stout. We shall enjoy rare music discoursed by the Morgantown Band. All are invited to attend and bring full baskets.

The late heavy rains have been beneficial to a great extent, but at the same time have done considerable damage by washing the soil from plowed fields, carrying away fences, overflowing bottom lands, and in town flooding the sewers. The sudden rise in the river carried two rafts of timber belonging to Dr. Geo. W. Johnson from their moorings below the wharf, to the old mill dam where they lodged. The Doctor's commanding figure was soon on the ground, when the rafts were started down the river to market. We have noticed several boats and rafts going down since then, so our timber men are in good spirits.

## Sunday School Picnic.

The following is the programme of a Sunday School Picnic, to be held by the Morgantown and Stewartstown Baptist Sunday Schools, and Chestnut Ridge Bible School, in Jacob Miller's grove, on Thursday, August 14th, 1879, commencing at 10 o'clock a. m., sharp:

- 1st. Opening prayer, by —
- 2d. Music by Pt. Marion and Morgantown Bands.
- 3d. Address of welcome by the President, D. B. Purinton.
- 4th. Singing by Chestnut Ridge School.
- 5th. Address by President J. R. Thompson.
- 6th. Music by the Morgantown Band.
- 7th. Singing by Morgantown and Stewartstown Schools.
- 8th. Music by the Point Marion Band.
- 9th. Dinner.

General singing at 2 p. m. Let everybody come with well filled baskets, and have a good time.

E. PRICE,  
Chairman of Com.

## CASS DISTRICT.

After politics, we consider the next best thing in importance is good roads. There are but three road overseers in the county to whom we can give much credit, and they are J. N. Davis, Matt Larkin and Wm. Camp. The latter has the most difficult road to manage, as it is mostly very hilly. We suggest that our road overseers be to be known and appreciated, and put their roads in as good order as the three gentlemen above mentioned.

## TRAOELER.

We have the nicest lot of envelopes ever brought to town. We sell good, No. 6 white envelopes at 8 cents per pack, or 30 cents per 100. Country stores supplied with stationery at wholesale prices. Send us your orders.

PLENTY of roasting ears in market at 16 1/2 cents per dozen.

DIED.—Mrs. David Myers, an aged lady of Clay District, died last Thursday.

A PARTY of young folks went up to Lee Roy Kiger's last Thursday evening and tripped the light fantastic until near daylight.

We hear some talk of a thorough and general re-organization of the Democratic party in this county in the near future.

OUR fishermen have taken advantage of the recent rise in the river and have captured a great many fine bass. The mode of capturing them is to run a boat rapidly along near the shore, the fish no doubt thinking they are panned jump for the deeper water but land in the boat.

We were asked on the street the other day where Protzman's gallery was. We directed the parties to the place in McGrew's building. After a while we met them again and were informed that they had procured one dozen splendid photographs for only \$1.00. Ed. is doing a fair business in his line, and gives general satisfaction. For further particulars see advertisement in another column.

## UNION DISTRICT.

*Editors New Dominion.*—At a meeting held at the residence of W. S. Swindler, on July 26, 1879, the following gentlemen were put in nomination for school officers for Union District: viz; President John C. Anderson; Commissioners, H. Hunter, John H. Baker, W. W. John, T. Milton Baker, Geo. F. Martin, Sec'y.; W. S. Swindler, Chairman.

## The University.

Col. D. D. Johnson, President of the Board of Regents recently expressed himself as very much gratified at the prospects of the University. A Register reporter gives the following from his interview with that gentleman: "Col. Johnson is of the opinion that the prospects for the increased usefulness of the State University are bright. He sees encouraging signs in his travels through the State, and is inclined to think that the attendance next year will be larger than ever before. The cadet corps, it is predicted, will be full upon its re-organization. The visit of the uniformed cadets to their homes in the different sections of the State during the vacation will have the effect of advertising the institution and of arousing the military ardor in the bosoms of other youths, who will recruit the ranks to their full quota. The exercises of military drill and discipline are very desirable, and the spirit among the young men of the State to more generally avail themselves of the opportunities offered them at the State University, is to be fostered."

## The Alert Fishing Club.

The employees of Messrs. Stewart, Estep & Co., manufacturers of glass at Pittsburgh, are located on the west side of Monongahela river on Everley's Bottom, for the purpose of hunting and fishing, they have every thing in the best of order, guns, dogs, boats, fishing tackle, &c. Their camp is a model of neatness and taste, every arrangement for comfort complete, and indeed elegant. Their table so spread and filled with substantial and luxuries, as to tempt the tastes of an epicure, and satisfy the most fastidious. This "fishing club" called the Alert, is composed of genial courteous gentlemen, who enjoy themselves and understand how to entertain those who call upon them. Their numerous visitors, especially the ladies speak of them in the most glowing terms of praise. It must be a great luxury to get away from the dust, smoke and bustle of city life and rusticate among the grand shady old hills, its freedom from conventional bonds, its flowing sweet and healthful waters, the melody of its feathered choristers, the balmy influence breathed from wild flowers, the grateful shade of the stately monarchs of the forest, the outline of the hills reaching heavenward, the beautiful river like a banyan of shining silver around the craggy angles and at each turn opening upon new and ever varying scenery, all combine to invest the place in a witchery of charm, like spells of enchantment, here the Poet or Painter might revel, here is a place fit for the rambles of either Gods or men, and we are glad that our sylvan streams and shady bowers are beginning to be known and appreciated, by at least, some of the citizens of the goodly city of Pittsburgh. We say to your city, so long as you furnish such good fellows, as the members of "The Alert Fishing Club," send them along. The disciples of Isaac Walton and Nimrod will find plenty of room, here is "no pent up Utica." Good bye gentlemen, come again.

VISITOR.

## HIGHEST HONORS

AT THE

Centennial World's Fair, 1876!

THE

### Shoninger Organs

PRONOUNCED UNANIMOUSLY AS THE

BEST INSTRUMENTS.

Their comparative excellence is recognized by the Judges in their Report, from which the following is an extract: "The B. SHONINGER ORGAN, O's exhibit as the best instruments at a price rendering them possible to a large class of purchasers, having a combination of beauty and beauty, producing novel and pleasing effects, containing many desirable improvements, withstanding in dry or damp climate, less liable to get out of order, all the boards being made three-ply, put together so it is impossible for them to either shrink, swell or split."—THE ONLY ORGANS AWARDED THIS HONOR.

This Medal and Award was granted after the most severe competition of the best makers, before one of the most competent juries ever assembled.

New Styles and prices just issued, which are in accordance with our rule, the BEST ORGAN for the least money. We are prepared to appoint a few new Agents.
